

**Tildenville Elementary School
School Advisory Council (SAC) Agenda
April 28, 2020 @ 12:00 p.m., Virtual via BBB**

Call to Order: @ 1201pm

Approval of Previous Minutes: Hope Stange, Ms. Black seconded

Principal's Report:

- Digital Learning is going ok. Teachers chose what platform to use.
- Students are turning in work.
- Survey results are in and we are lowest we have been in 3 years
- Next year we are cohort 7, and fully digital.
 - Devices for K - 5
 - VPK already has devices
 - K is definitely iPads. Maybe First grade as well.
 - Second through fifth will have laptops. The devices stay at school.
 - All grades will have access to regular writing as well as digital use.
 - It will not be 100% online digital learning.
 - Question was asked if FSA will be digital? Elementary is not at this time.

Other business:

- A lot of parent support is needed from 5th grade parents for the end of the year celebration. There will be a virtual ceremony per class. So 3 different days.
 - Maybe we could do lawn signs? How will kids get certificates? Maybe digital?
 - Ms.Siner says her neighbor might be able to print those signs for a reasonable price.
- Teacher Appreciation : If you want to send a digital gift card then you can email directly to teacher
- No testing of any kind, Gifted testing might happen during July or in the fall.
- How are 5th grade students being placed for 6th grade? Probably based on third quarter and teacher recommendations.
- Yearbooks will be mailed out to students who already ordered them.
- SAC officers for next year? Anyone interested email TildenvilleSAC@gmail.com
- Mrs. Walker said Mrs. Mosby has been doing a great job and to stay on. Mrs. Ramos seconded
- SAC retreat will be virtual. May 26 meeting. 12pm
- At this point summer school will be virtual. And it won't be dual language.
- At this time there is no specific plan to get students' possessions from the classroom, same with library books.
- Parent concern about learning digital. What is being counted for grades?
 - Principal Alvarez wants learning to continue so that there is not an even bigger summer slide.
 - Keep their spirits up and keep them going.

- The packet is not necessary. It is an additional resource. You can speak to your individual teacher about their specific grading. Your teachers are willing to work with you.
- Parent request to have Spanish lessons to be in English as well to help non speaking families help students at home

Meeting adjourned @ 106pm
